

Clerks Report for Meeting on 19th December 2023

Report on Actions from meeting dated 21/11/2023.

23/127 I sent round a spreadsheet listing the assets and services for Councillors to give their views on them to be ready for the next LCN meeting in January. So far, I have had no responses back.

Subgroup & Committee Updates

Finance & Risk Working Group – Nothing to report.

Snowdrop Valley Committee – The Snowdrop Valley Committee will be meeting before the Parish Council Meeting. Cllr Norman can give any updates about this in the meeting.

Further details on Agenda Items

23/143 I have looked into using a QR code for getting electronic donations for the toilet donations. One can be set up through the Sum Up app. This can be printed and put in the toilets for people to scan on their phones and put in their details to make an electronic donation rather than using cash. No percentage would be taken off the amount donated the council would get it all put straight into the main bank account.

23/144 It is great news that we have been accepted for the funding for the Community Review Project. The best way forward for this would be to set up a working group of at least three councillors to take this forward and for me to help as and when needed.

23/146 iii) I have got some quotes for Beanie Hats to be sold at the Snowdrop Valley Event. The Snowdrop Valley Committee will decide which hats they would like at the meeting directly before the main Parish Council Meeting. Cllr Norman is also getting a quote for a banner. The final costs of these will be shared in the meeting.

Other Updates:

20mph Speed Limit

We have had the invoice through for this, but we are waiting to hear the amount we are getting from the devolved funding before paying it.
